But behind the uniform and the rubbish, there's a whole world of hidden stories. Stories of humor, heartbreak, and unexpected kindness.

In his hilarious and heartwarming memoir, *Around The Rounds*, bin man Dave Simpson reveals the hidden world of waste collection. From the bizarre and wonderful things he's found in people's bins to the heartwarming encounters he's had with customers, Dave's stories will make you laugh, cry, and see the world in a whole new light.

Here's a sneak peek:

"One day, I was emptying a bin when I found a small, wooden box. I was curious, so I opened it up. Inside, I found a collection of love letters. They

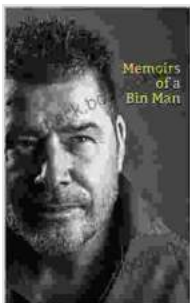

were beautifully written, and they were clear evidence of a deep and abiding love between two people. I was so moved by the letters that I decided to keep them. I don't know who wrote them, but I hope that one day they find their way back to their rightful owner."

Dave's stories are a reminder that there's more to life than meets the eye. Even in the most ordinary of jobs, there's always something extraordinary to be found.

So next time you see a bin man, take a moment to say thank you. They're not just doing a job. They're also playing a vital role in our community. And they have some pretty amazing stories to tell.
