By Stephen E. Ambrose

Company of Heroes is the epic story of World War II's most extraordinary battle, the Battle of Bastogne. This gripping narrative follows the brave men of the 101st Airborne Division as they fought against overwhelming odds to defend the strategically vital Belgian town.

In December 1944, the German army launched a surprise offensive through the Ardennes Forest, catching the Allied forces off guard. The 101st Airborne Division was one of the first units to be hit, and it was quickly surrounded by the Germans. Outnumbered and outgunned, the 101st fought a desperate battle for survival.

The Battle of Bastogne was one of the most pivotal battles of World War II. If the Germans had been able to capture Bastogne, they would have split the Allied forces in two and could have potentially won the war. But the 101st Airborne Division held its ground, and the Germans were eventually forced to retreat.

Company of Heroes is a gripping account of the Battle of Bastogne, and it is a must-read for anyone interested in military history, World War II, or the

human spirit.
