Dr. Nelsen's approach is based on the principles of positive parenting, which focus on building strong relationships with children and teaching them the skills they need to succeed in life. She believes that children are

naturally cooperative and want to please their parents, but they often don't know how to behave appropriately. It's our job as parents to teach them.

How to Get Your Kids to Behave Without Messing Them Up provides parents with a step-by-step guide to positive parenting. Dr. Nelsen covers everything from how to set limits and boundaries to how to deal with tantrums and other challenging behaviors. She also provides dozens of practical tips and strategies that parents can use to improve their relationships with their children and create a more peaceful and harmonious home.

If you're ready to learn how to get your kids to behave without messing them up, then this is the book for you. Dr. Nelsen's revolutionary approach will help you raise happy, responsible, and successful children who will make you proud.
