It all begins with a seemingly innocuous missing persons case. A young woman named Sarah Jones has vanished without a trace, leaving behind a trail of unanswered questions. As Rick delves deeper into the investigation, he discovers that Sarah was involved in something far more sinister than he could have ever imagined.

Sarah was a member of a secret organization known as "The Vigil." A group of whistleblowers who had uncovered a vast conspiracy reaching the

highest levels of power. A conspiracy that involved corruption, murder, and the suppression of truth. And now, with Sarah gone, it seems that The Vigil is being systematically targeted and eliminated.

As Rick digs deeper, he becomes the target of relentless assassins and corrupt officials who will stop at nothing to silence him. With each passing day, the stakes get higher and Rick finds himself trapped in a deadly game of cat and mouse.

But Rick Cahill is not a man who gives up easily. Driven by a fierce sense of justice and a burning desire to protect the innocent, he vows to expose the truth behind The Vigil's disappearance and bring the perpetrators to justice.

Night Tremors is a gripping thriller that will keep you on the edge of your seat from beginning to end. With its fast-paced action, complex characters, and shocking twists, this novel is a must-read for fans of crime fiction and conspiracy thrillers.
