Breakthrough Thinking for Extraordinary Results

In a world of constant change and uncertainty, it's more important than ever to think differently. Conventional wisdom often fails us, leading to poor decisions and missed opportunities. But there is a better way – a way to challenge assumptions, see the world from fresh perspectives, and make smarter choices.

Think Twice: Harnessing the Power of Counterintuition is a groundbreaking new book that reveals the hidden power of counterintuitive thinking. Drawing on cutting-edge research in psychology, economics, and neuroscience, this book will show you how to:

- Identify and challenge cognitive biases that distort your thinking
- Generate new ideas and solutions by looking at problems from different angles
- Make better decisions in complex and uncertain situations
- Persuade others to adopt your ideas, even if they seem counterintuitive

What Others Are Saying About *Think Twice*

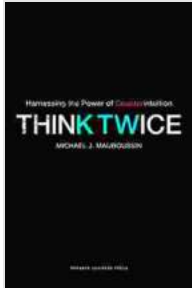

"A must-read for anyone who wants to make better decisions and achieve extraordinary results. Counterintuition is the key to unlocking your full potential." - **Guy Raz, host of NPR's How I Built This**

"Fascinating and insightful. This book will change the way you think about decision making. Highly recommended." - **Adam Grant, New York Times bestselling author of Give and Take**
